

# SOCIAL NARRATIVE: MY FAMILY DAY VISIT TO THE WYCKOFF HOUSE MUSEUM

START HERE

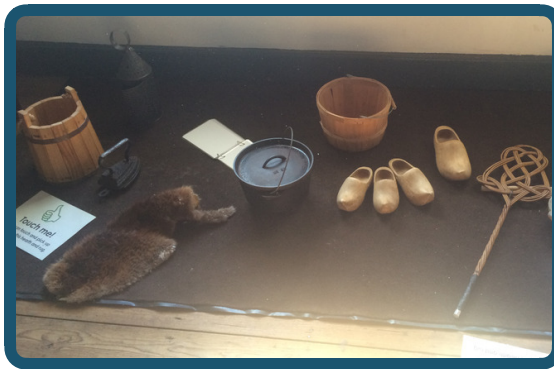

Today my family and I visit the Wyckoff House Museum and this is what I see

I am greeted and enter through the **double dutch doors**

Inside the farmhouse there are **artifacts** I can touch, herbs I can smell, and rooms I can explore

I see artifacts that can be worn or touched

My grown-ups and I can explore together

There are also many things I can not touch because they are **fragile** and could break; my grown-ups help me to explore safely

I explore the gardens and see plants that smell or taste good

I play **colonial** games outside

I can make something with my grown-ups help that I can taste, smell, use, or even take home
